## Welcome to Talos

At the heart of what we do is a promise to deliver the best. The best products, the best service and the best quality. Inspired by our customers, we are proud to introduce Talos, named after the bronze giant of ancient Greek mythology famed for guarding Crete. A strong, stable man with reassuring presence, we hope you'll agree that our new Talos steel storage range has exactly those qualities.

Talos is a comprehensive range of filing cabinets, pedestals, cupboards and side opening tambours in a variety of standard colour finishes all available next day delivery\* from stock.

Extension

\*When used with suspension files and evenly distributed

Manufactured from fully welded, epoxy powder coated steel, Talos has the perfect solution for every office storage need. Talos offers two, three and four drawer filing cabinets, under desk pedestals in two widths, three height options of storage cupboard and two heights of side opening tambours. Choose from a variety of finishes including white, grey, and exclusively for filing cabinets, black and coffee cream.

**KEY FEATURES**

- Market leading 7 year warranty on all products
- All units complete with integral lock and two keys for added security
- Cupboards and tambour units are supplied with an appropriate number of shelves where applicable
- Solutions suitable for use with both A4 and foolscap suspension files, as well as 330mm lateral files
- All filing cabinets offer 100% drawer extension, with our four drawer units offering an exceptional 2.12 linear metres of filing capacity
- Filing cabinet drawers have a weight capacity of 40kg (when use with suspension files)
- Cupboard and tambour unit shelves have a laden weight capacity of 50kg when uniformly loaded
- Filing cabinets are fitted with an anti-tilt mechanism, which ensures product and user safety

# TALOS FILING CABINETS

### TALOS RAL FINISHES

#### Please note:

The colour swatches are only as accurate as allowed by the printing process, and as such are a guide only.

RAL is a colour matching system used across Europe. A RAL number refers a specific colour finish allowing products to be matched across different manufacturers and ranges.

#### Replacement Keys

Replacement keys are available to order on request. Please provide the barrel reference number.
